chapter one ~ reiki

Reiki is a gentle, non-invasive energy healing practice that promotes deep relaxation, reduces stress and anxiety, and supports the body's natural ability to heal by balancing physical, emotional, mental, and spiritual energies. It can enhance overall well-being, improve sleep, boost mood, and complement other medical or therapeutic treatments to accelerate recovery and maintain health.

Suitable for all ages and needs

Pellowah is a high-vibrational energy healing technique that focuses on expanding consciousness and empowering personal growth. Unlike other healing modalities that primarily address physical symptoms, Pellowah works on a spiritual and energetic level to clear blockages, shift limiting beliefs, and create positive change from within. It helps align the mind, body, and spirit, promoting clarity, emotional balance, and a greater sense of purpose and connection.

chapter three ~ oracle & tarot manifesting

Oracle & tarot cards for manifesting can help provide clarity, insight, and guidance aligned with your intentions. When you draw cards focused on a specific desire or goal, the messages can highlight subconscious blocks, affirm your direction, or reveal inspired actions to take.

This deepens your connection to your intuition, raises your vibration, and helps to produce vision boards to send out to the universe. I also work with crystals, please ask for more details on workshops

chapter four ~ your last chapter

A Soul Midwife, also known as an end-of-life doula, provides emotional, spiritual, and practical support to individuals and their families during the dying process. My role is to offer comfort, guidance, and presence, helping the person dying to feel seen, heard, and honoured in their final journey.

I can assist with legacy projects, help create a peaceful environment, facilitate conversations about death, and support loved ones before, during, and after death. Unlike medical professionals, my focus is on holistic, non-medical care that respects the wishes and grace of the person transitioning.
